

## A47 Sussex Road to Lowestoft - Lighthouse Storm Drainage

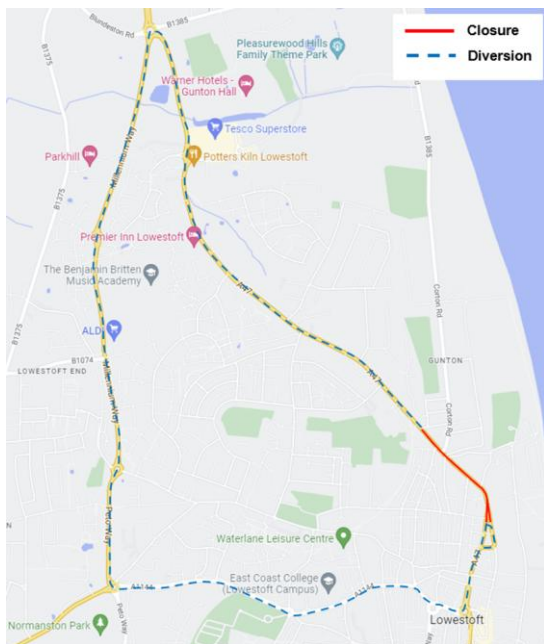

I am writing to tell you that we plan to carry out survey works on the storm drainage along the A47 between Sussex Road and the Lighthouse.

We plan to complete these works over **5 nights** between **Monday 21 November and Friday 25 November**. We will work between **9pm and 5am** on weeknights only, weather conditions permitting.

### Closures and diversions

To carry out the work safely, we will need to close the A47 overnight in both directions between Station Road and the turning point at Jubilee Way/ High Street.

Northbound traffic will be diverted via the A1144 and the A1117. Southbound traffic will follow the same diversion but in reverse.

### Access to your property

For residents who live directly within the closure area with no alternate access, entry will be maintained. We kindly ask you to show this letter or proof of address to the traffic management operatives, located at Station Road and High Street, who will then escort you through the closure when safe to do so.

If you need to leave your property during the works, please alert a traffic management operative before leaving, to enable safe escort through our work site.

### How to find out more

More information and latest dates for this project can be found on our website here <https://nationalhighways.co.uk/our-work/east/>

To find out about other road improvements we're carrying out across the East of England, please visit our website at <https://nationalhighways.co.uk/our-work/east/>.

If you would like more information, please contact us on 0300 123 5000, or by email at [info@nationalhighways.co.uk](mailto:info@nationalhighways.co.uk).
