HGV Vehicles going through the village on the 1375, suspicion was it was traffic going to Sizewell. Jess Asato has been involved and transpires it was Leyplant, who were not aware that there is a through route through the town, an A road and that should now be used. In the meantime, Newalls Transport lorries have since passed through the village, in fact 11 in the space of 15 minutes. Residents are concerned about the noise, vibration on houses and safety, also the fact that Anglian Water have to keep coming back to repair man holes regularly. Sizewell have been contacted and escalated it to their logistics department, still awaiting response. Jess Asato's office has also contacted. Positive mitigation needs putting in place, we have a good road that these transport companies can use. Improve signage that hasn't been completely changed. Cllr K Robinson states it is not illegal for the trucks to come through the village, but we can ask Sizewell to make conditions, which he is happy to support.

 - 3) Cake Van trading routes. Local lady is wanting to start a catering business, stopping along roads selling her cakes.
